Headteacher: Mrs M Kelly

Dear Parents, Staff and Governors,

From September 2020, it became a statutory requirement that all schools in England and Wales taught Relationships and Health Education (RHE) as a fundamental part of the curriculum. As you can imagine, COVID-19 halted many schools' consultation periods last academic year, and so the government has given all schools a grace period which ends at the beginning of the summer term.

Our aim is to consult with parents, staff, pupils and governors for the remainder of this term with the intention of introducing our new PSHE curriculum (which includes our school's Relationships, Health and Sex Education) in January. Over the past few months, we have been attending online training, merging various guidance and documents as well as writing our policies and curriculum. Therefore we are now in a position to gain your valuable feedback about our proposed policy and approach to teaching this important subject.

As part of this, I would like you to read the following documents and respond to them by answering the questionnaire which can be found on the link below.

The documents that I would like you to read as part of the consultation are:

- Understanding Relationships, Sex and Health Education in Primary and Secondary schools (government document)
- PSHE policy
- RSHE policy
- St Teresa's PSHE curriculum

The questionnaire can be found by clicking the following link:

All documents as well as the link to the questionnaire can be found on the school website under "[The curriculum > Our curriculum > RE > RSHE consultation.](#)"

We thank you in advance for taking the time to read the documents and providing us with your all-important feedback which will help to shape and support our delivery of this subject. Please complete this survey by Friday 4<sup>th</sup> December

Kindest regards,

Mrs Herron
